To whom it may concern:

As the Project Manager in charge of development for CVS Pharmacy projects across 5 states, I recently had the pleasure of working with White Sands Construction, Inc., as they built two CVS Pharmacy's with us in Silver City, NM and Carlsbad, NM

I have worked with many construction companies while in position for 12 years. None of them have measured up to the experience that was witnessed with White Sands Construction, Inc. Project Manager; Levi WilliamSon was in constant contact throughout the entire project. With the assistance of Site Supervisor, John Ballin, the quality of work was outstanding. I look forward to working with them again in the near future.

Please feel free in contacting me directly with any additional questions. I would be more than happy to volunteer my time in order to support such a top-notch organization.

Thank You.
