

Starbucks Coffee Company

P.O. Box 34067

Seattle, WA 98124-1067

To whom it may concern:

I am writing to recommend the services of White Sands Construction. White Sands recently completed a challenging Tenant Improvement project of a new Starbucks in Las Cruces, NM; as well as completing the site and shell work for a 3rd party, to Starbucks specifications. White Sands enthusiastically overcame a steep learning curve of Starbucks specific processes and were fully committed to 100% project completion to Starbucks standards and my satisfaction.

I feel confident in recommending White Sands Construction for similar Tenant Improvement projects.

If you have any further questions please feel to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Nate Dunnington", with a long horizontal flourish extending to the right.
