CORPORATE

December 3, 2009

TO WHOM IT MAY CONCERN:

This letter is written on behalf of White Sands Construction, Inc., of Alamogordo, NM, ("White Sands").

American Family Entertainment Centers ("AFEC") contracted with White Sands to build the Luna County Family Entertainment Center in Deming, NM, under a design/ build contract that AFEC had with Luna County.

Prior to retaining White Sands to perform the construction of the facility, I personally inspected other works of construction that White Sands had performed for Luna County, specifically, the remodel of the Luna County Court House and the remodel of the Southern Pacific Train Depot. I found the work of construction and workmanship to be above normal and was the basis for our entering into a contract with White Sands to build the Entertainment Center.

During the planning, design and construction, of the project, the personnel of White Sands provided insight and suggestions on construction methods which would save time and money, and which resulted in the facility being built in a timely manner and on budget.

For more than 45 years I have been involved in the construction industry, as a professional civil engineer and an attorney specializing in construction issues. During this time I have had the opportunity to work with a large number of construction companies and I would rate White Sands as one of the very best that I have had the privilege to work with. I would not hesitate to hire them again and would recommend them to whomever is seeking a first class construction company.

Should you have any questions regarding the above, you may call me at (801) 209-3446.

Sincerely,

William G. Kellen

William G. Kellen, CEO
