RE: White Sands Construction

It is with pleasure that I write this letter of reference for White Sands Construction.

My first experience was building the Taco Bell on White Sands Blvd. Levi and his team demonstrated a very professional and ethical caliber during this time. While sticking to their committed timelines they focused on delivering a quality product. Mission accomplished and with a second project coming and after all the bidding for the 2<sup>nd</sup> job completed we decided to engage them for that project as well.

The 2<sup>nd</sup> experience was remodeling our original Alamogordo Taco Bell on Panorama.

With that project you exceeded every expectation. You and your team remained open and flexible as we kept running into unexpected challenges that impaled the project such that an old building could have but you hope that it doesn't. We had it all.

Even with all the challenges you hit our deadline working 6 and 7 days a week, day and night. Your team worked very hard.

I do not hesitate to recommend your company to anyone as I already have.

I want to take this moment to express my appreciation to White Sands Construction -

Levi – Norm – and John for the exceptional work that you have done for Ringing Bells LLC.

Sincerely,

Beverly New
