To Whom It May Concern,

Re: White Sand Construction

It is my pleasure to write this letter of recommendation for White Sand Construction.

My experience working with Catlin Curry and White Sand Construction has been very good. They are professionals who bring important construction knowledge, design, and outstanding management skills to their projects.

I have worked with Catlin Curry on the new Domino's Pizza Holloman AFB, NM build. White Sand Construction provided excellent service. Their team is focused and experienced, and built our restaurant to Domino's design, specifications and standards. Their ability to provide a comprehensive quote quickly, make changes per owner comments, and deliver a complete product within deadlines make them a pleasure to do business with.

Anyone looking for a quality job completed on time would be well served in choosing White Sand Construction for their upcoming project.

Please feel free to contact me should you require any additional information.

Sincerely,

A handwritten signature in black ink, appearing to read "Brian Bailey", written over a white background.
