To Whom It May Concern:

It gives me great pleasure to write this recommendation on behalf of **White Sands Construction Inc.** The State on New Mexico General Services Department (GSD) and the New Mexico Department of Veterans Services (DVS) greatly appreciate the service and quality exhibited throughout the Gallup State Veteran's Cemetery Construction Project.

As a General Contractor, there is no better intermediary for ensuring construction projects are always running smoothly and at peak. White Sands Construction Inc. has great leaders who conduct themselves with the utmost respect and professionalism. This is because White Sands Construction Inc. Management and Staff exudes a level of knowledge and expertise that simply inspires trust. White Sands Construction Inc. has shown on multiple occasions throughout this and other projects that they will go "Above and Beyond" to satisfy the needs of GSD.

What I appreciated most about White Sands Construction Inc. is the quality, respect and professionalism instilled in the company and mirrored by their Subcontractors. With White Sands Construction Inc. on site, my day-to-day operations were always in good hands.
