Re: Letter of Reference, White Sands Construction

To Whom It May Concern;

This letter is written as a letter of recommendation for White Sands Construction, Levi Williamson and the entire White Sands Construction Team. I highly recommend this team.

I have personally worked with White Sands Construction over the past couple of years on a number of Taco Bell projects. They have also worked with a few of our franchisees and other construction managers. My experience with them is great and the feedback I have gotten from others has always been very positive. They are always very professional and treat every project with the utmost since of urgency. Their team continues to stay focused on completing our projects on time as well as keeping them within budget.

I work with a number of general contractors across the country and we are pleased to have White Sands Construction as one of Yum Brands approved General Contractors. They continue to stay as one of our top ranked general contractors. We look forward to many more projects in the future.

White Sands Construction is an outstanding company. Please feel free to contact me if anyone has any questions or would like to discuss my experiences with them in more detail.

Sincerely,

Steve Pulcheon
Construction Manager
