To Whom It May Concern:

We are very pleased to give a recommendation for White Sands Construction. They were very professional and timely on the President's Hall Renovation at New Mexico Institute of Mining and Technology project that they completed. We were the Design Team of Record for the referenced project. Their work was of high quality and exceeded both our expectations as well as the owners. We would gladly work with White Sands Construction again in the future and look forward to that time.

Please feel free to call if you have any questions regarding our recommendation of White Sands Construction.

Sincerely,
T&D Services, LLC

Wayne A. Yencel
Project Manager
