Dear Mr. Curry;

I would like to commend your company for the excellence and professionalism on our recent remodel of our Desert Sun Motors facility in Alamogordo. The facility is probably 60 years old, but your company did such an outstanding job on the remodel, it that it looks brand new.

The quality workmanship your staff provided became apparent when General Motors management visited the facility and were impressed by the facility, compared to what it looked like previously, when the project began.

All change orders and communications were handled promptly and we were supplied with sufficient back-up documentation explaining the changes and costs. Your staff was always on the jobsite to answer any questions and provide answers on all the concerns that arose throughout construction process.

I highly recommend your company and staff. If you have any questions please do not hesitate to call me.

Sincerely,

Robert Martinez

President
