RE: Steve Malett
Construction Foreman – White Sands Construction Company

Dear Sir or Madam:

Please consider this correspondence as a complimentary correspondence for the services provided to my agency by Steve Malett, the site supervisor for the White Sands Construction Company (WSC) during the construction of the New Mexico State Police District Four headquarters facility in Las Cruces from July 2012 through July 2013.

Mr. Malett provided unquestionable professional and capable services to our agency, facilitating communication between us (as the end user), WSC, Newby & Associates architectural firm and the myriad peripheral entities involved in the development, design, construction, and problem solving during the eighteen month on-site construction as well as the post-construction punch list and trouble-shooting process. Throughout these processes, Mr. Malett was professional, effective, capable, always accessible and many times went the extra distance to provide exceptional services and to ensure a quality facility for the New Mexico State Police.

Please accept my sincere thanks to Mr. Malett for an exceptional job.

If you have any questions or require additional information, please do not hesitate to contact me at any time.

Regards,

Captain Rich Libicer
New Mexico State Police

CALEA
ACCREDITED LAW ENFORCEMENT AGENCY
