

Please consider this letter of support for White Sands Construction. Our company, New Mexico Roasters (NMR, LLC), has worked with White Sands Construction for over two years.

White Sands worked on two complex construction sites for NMR. Throughout both projects, the White Sands team was professional, hard-working and ethical. In the past, my team and I have worked with numerous construction companies. Without a doubt, White Sands Construction ranks highest.

NMR strives for excellence; White Sands has consistently met all of our expectations. The Executive Vice-President, Catlin Curry, listened to our needs and we worked together to problem solve and conceptually think through the projects. Due to the company's exceptional ability to exceed expectations and deliver superior results, I proudly give White Sands a 5-star rating.

I recommend White Sands Construction highly and without any reservation.
