To whom it may concern,

As the Project Manager for many Popeyes across New Mexico, I recently had the pleasure of working with White Sands Construction, Inc., as they built multiple Popeyes with us in Las Cruces, NM, Artesia, NM, Alamogordo, NM and many more throughout the state.

I have worked with many construction companies throughout the state and have found that White Sands Construction, Inc. has the experience and personal to complete our jobs to the highest quality. The experience and knowledge of their Project Managers; Levi WilliamSon and Mike Watters, has been crucial to the success of each of our projects. With the assistance of Site Supervisors, John Henderson and Mike Ford, the quality of work has been outstanding, and I have requested them on every project since. I look forward to working with the whole team again soon.

Please feel free in contacting me directly with any additional questions. I would be more than happy to volunteer my time in order to support such a top-notch organization.

Alex Phelan, Project Manager
