Re: White Sands Construction, Inc.

To Whom It May Concern:

I have had the pleasure of working with White Sands Construction on the State Veterans Cemetery in Fort Stanton, New Mexico. They have recently been awarded a Job Order Contract with Facilities Management Division as well. They are a professional firm that is more than flexible to changes in project scope and timelines, has knowledgeable staff, is responsive, and performs excellent craftsmanship. They had numerous obstacles relating to site work to overcome as well as a challenging subcontractor. They were willing to negotiate costs relating to change orders in order to complete the project on a positive note.

I highly recommend White Sands Construction for any general construction services that they can provide. I look forward to continuing to work with them on future projects.

Sincerely,

A handwritten signature in blue ink that reads "Sherry Keefe".
