Superintendent

2019–2026 (7 Years) | White Sands Construction, Inc.

- Provides on-site leadership for commercial construction and renovation projects from start through closeout.
- Manages schedules, materials, vendors, and daily field operations.
- Coordinates subcontractors and project teams to meet safety, quality, and schedule requirements.
- Oversees permitting, inspections, and coordination with Architects, Engineers, and regulatory agencies.
- Directs field execution, sequencing, and supervision of skilled trades.
- **Construction Experience:** 15+ Years

Representative Project Experience

- Commercial ground-up, renovation, and tenant improvement projects in New Mexico and West Texas.
- Municipal and public works facilities with multi-agency coordination, permitting, and inspections.
- Federal and secure facilities requiring enhanced safety, quality, and compliance controls.
- Healthcare, medical office, and specialty-use facilities with phased construction and inspections.
- Projects involving sitework, structural concrete, foundations, and specialty scopes.
- Occupied facilities requiring careful phasing, safety planning, and stakeholder coordination.
- Multi-trade construction coordinating all major skilled trades and specialty subcontractors.
